

Mission Statement

Pitzer College produces engaged, socially responsible citizens of the world through an academically rigorous, interdisciplinary liberal arts education emphasizing social justice, intercultural understanding, and environmental sensitivity. The meaningful participation of students, faculty, and staff in college governance and academic program design is a Pitzer core value. Our community thrives within the mutually supportive framework of The Claremont Colleges, five undergraduate colleges and two graduate institutions that provide an unsurpassed breadth of academic, athletic, and social opportunities.

Test-Free Policy

Beginning with the admission cycle for fall 2022, Pitzer College switched to a test-free admission policy, which will remain in place for at least three years. This change comes nearly two decades after becoming the first college on the West Coast to adopt an SAT-optional admission policy. Pitzer College uses a holistic approach to student admission with emphasis placed on high school transcripts, recommendation letters, leadership positions, work history, involvement in school and community activities, and commitment to Pitzer's core values. The College will not accept or review SAT or ACT scores as a part of the admission process.

- For the Class of 2027, the overall acceptance rate was 16.7%.
